MUSCIANONS ON CALL

Who We Are

- A non-profit organization that brings live and recorded music to the bedside of patients in healthcare facilities.
- We believe in the healing power of music. By delivering live, in-room performances to patients undergoing treatment or unable to leave their hospital beds, we add a dose of joy to life in a healthcare facility.
- Founded in New York in 1999
- In 2007, MOC’s first national branch opened in Nashville
- Nashville Staff:
  - Dana Sones - Program Director
  - Christina Morris - Program Coordinator

Who We Want to Know

We know that our programs bring happiness to the patients we visit...
- What are the measurable impacts of our programs on patients, families, and hospital staff?

What We Do

<tbody>
<tr>
<td>Bedside Performances: live, in-room performances for patients undergoing treatment or unable to leave their hospital beds.</td>
<td>These one-on-one interactions between musician and patient have the powerful effect of resurrecting the emotions of joy and happiness that often fade away in healthcare facilities.</td>
</tr>
<tr>
<td>Music Pharmacy: Provides hospitals with complete CD libraries and accompanying disc players for patient use.</td>
<td>This program gives patients the ability to listen to music throughout their hospital stay.</td>
</tr>
<tr>
<td>Project Playback: Musicians On Call volunteers assist patients in writing and recording their original music.</td>
<td>The project allows for a creative outlet within a healthcare facility.</td>

What We Bring to the Table

- We have operated weekly programs in Nashville for the past 6 years, reaching over 70,000 people
- We have 13 weekly programs in 8 different facilities, each containing a wide range of potential research subjects (ages from newborn to elderly, illnesses, etc.)
- Approximately 150 volunteers in the Nashville branch gives us a network of contacts throughout our community
- Partners/supporters include artists, healthcare providers music industry, local and national media
- We receive weekly feedback from our volunteers and collect data on the number of patients, staff, and family members we’ve played for
